

# NINTU NEW AUSTRALIAN MIST KITTEN LIST

## **BEFORE TAKING YOUR KITTEN HOME, YOU WILL NEED:**

**CARRY BASKET** – wire & plastic construction, cabin style (BRING WITH YOU TO COLLECT)

**LITTER TRAY** – covered plastic tray with deep base, no cat flap, small tray to place inside while kitten is young, LITTER SCOOP.

**LITTER** – 1 part of Max's Cat Litter, to 2 parts of Paper Pellets (eg Breeders Choice) Both can be bought at the Supermarket. Both are biodegradable and can be composted

**GROOMING TOOLS** – Metal Flea Comb with handle, Nail Clippers. While the kitten can be bathed, I prefer regular combing and brushing, specially at the end of winter when the seasonal coat is being shed.

**FOOD & WATER BOWLS** - water bowl must be heavy, unspillable, ceramic, and placed in a cheap plastic litter tray.

## **FOOD:**

1. **FRESH RAW MEAT, sourced from BUTCHER, MINCED, PIECES**

**BEEF, LAMB, HEART, LIVER, KIDNEY, KANGAROO**

2. **FRESH CHICKEN, sourced from BUTCHER**

**RAW: WINGS** (segments)      **COOKED (no bones)**

3. **FISH, FRESH** (if cooked – no bones, if raw, will eat the lot),  
**CANNED Cheap People Tuna in oil, sardines in oil**

4. **CANNED MEAT Preferred Brands: NONE**

5. **DRY FOOD: TREAT & TRAIN ONLY: Optimum Furball with chicken, Royal Canin (for active young cat) NO KITTEN BISCUITS**

6. **MILK PRODUCTS: NO MILK(S) Plain Yoghurt** - add a teaspoon of yoghurt to a wet meal 3 times a week. **Grated Cheese Important sources of Calcium .**

7. **OTHER PRODUCTS Raw/cooked table scraps &**

**trimmings, Raw Egg, Bones, encourage your kitten to continue chewing raw meaty bones, to ensure good teeth and healthy gums. Lamb offcuts from the Supermarket and portions of chicken wing are what I use.**

**MEAL PREPARATION:** Use mince/s, canned fish, yoghurt, egg, in varied combinations, to make a mince mix as the basis of the meal. Garnish with pieces of meat/liver/offcuts/chicken wing portions, sprinkle with grated cheese. (*See single kitten meal above*)

## **KITTEN STATION**

You will need to have decided on a safe warm place to set out the food, water, and litter tray, a bed and a scratching post which the kitten can call his/her OWN.

## **WORMING**

Your kitten was last wormed on the *first day of the season* OR

Suitable Products: Felex & Exelpet tablets. Make a regular appointment for worming on the first day of each season. (Ignore the 'use by' date on tablets – they last indefinitely – on my vet's advice!!)

## **FLEA CONTROL**

Your kitten should have no fleas. To control use 'Spot-On' products **suitable for cats:** eg Activyl, Frontline & Advantage, either at recommended interval, or occasionally in the warmer/more humid parts of the year.

## **CHECK WHEN YOU COLLECT**

Does your kitten need stitches removed?

Does your kitten still require one more vaccination to complete the kitten course?

Have you a vet already, or have you considered finding one?

## **REMINDER**

If you have a concern or a question, remember to contact me first, except in an obvious veterinary emergency. 03 56296211, [ausmist@dcsi.net.au](mailto:ausmist@dcsi.net.au)
